Decision of the committee:

The representatives of the company explained the committee that, KIADB has allotted 440 acres of Government land for establishment of one MTPA steel Plant with captive power plant of 150 MW, but due to non allocation of water by the Government for the project from Vani Vilas Sagar Dam, the Steel Plant could not be implemented.

The promoter has informed that they are committed to take up Agribusiness activities or any other manufacturing activities apart from 100 MW Solar Power Plant and requested for approval of the same.

Representative of Department of Energy informed that they have no objection to the establishment of project of 100 MW Solar Power Plant, but there would not be any Power Purchase Agreement and unit would have to manage sale of power on its own based on existing rules and guidelines.

Proceedings of 89th State Level Single Window Clearance Committee meeting

Committee noted the above and after detailed discussion, it was decided to obtain opinion of Revenue Department. They have been asked to explore other sources of availability of water like underground etc., and give details of their Agribusiness. Hence, matter is deferred till all clarifications are received.

Meeting ended with the vote of thanks to the Chair.
